Dear Valued Colleagues,

It is my pleasure to introduce the **2026–2027 VAESP Corporate Sponsorship Program** and invite you to partner with the Virginia Association of Elementary School Principals (VAESP). Thank you for considering this opportunity to support school leaders across the Commonwealth.

VAESP is a non-profit professional organization serving elementary and middle school principals throughout Virginia. As an affiliate of the National Association of Elementary School Principals, VAESP represents more than 1,000 school leaders who are responsible for supporting student success and leading their school communities.

Today's principals face increasingly complex challenges in supporting student achievement, leading instruction, and building positive school cultures. VAESP is committed to providing high-quality professional learning and networking opportunities that equip school leaders with the tools they need to be successful.

Through the **VAESP Corporate Partnership Program**, we partner with organizations that share our commitment to education. Corporate partners receive recognition at professional development events, in the VAESP newsletter and website, and opportunities to connect with school leaders throughout the year.

VAESP hosts several professional learning opportunities annually, including our **statewide leadership conference in June**, monthly Lunch and Learn sessions, and regional meetings across Virginia.

If you have any questions or would like additional information, please contact me at **Karnold@vaesp.org**. Thank you for your consideration and for supporting Virginia's school leaders.

Sincerely,

Krista Arnold
